

Tools Required: None.

Bulb Recommended: (2) Medium Base 60W Maximum, Alternate bulb (2) 13W CFL

Estimated Assembly Time: 20-30 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts.

⚠ Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal. Do not subject glass parts to any shock while in operation or shattering may result.

- A. Thread the Socket Assembly onto the Base, hand tighten until snug.
- B. Thread hex nut end of Nipple with Hex Nut into the hex coupling, hand tighten until snug.
- C. Place Spacer and Check Ring over the Nipple with Hex Nut, secure by threading the Small Knurled Nut onto the nipple. Hand tighten until snug.
- D. Thread the Big Knurled Nut onto the Nipple, hand tighten until snug.
- E. Place the Shade A over the Nipple. Secure by threading the Finial onto the Nipple. Hand tighten until snug.
- F. Place the Shade B over the Shade A.
- G. This fixture uses standard bulb with medium base . Maximum 60 watts.
- H. Insert bulb and screw snugly into place.

Your fixture is now assembled and ready to use. Enjoy!
